

MATERIAL SAFETY AND DATA SHEET

(In accordance to 91/155/CCE)

1. PRODUCT AND MANUFACTURER DATA

1.1 Commercial name: SHAVING CREAM

1.2 Manufacturer:

Company: Guest Welcoming Package Inc.

Address: 1176 Bishop Street, Montreal, Quebec H3G 2E3, Canada

Telephone: +1 514 4183388

Email: info@gwpamenities.com

2. INFORMATION ABOUT COMPONENTS

Mixture of odoriferous natural and synthetic substances.

CAS number : Not applicable; this product is a mixture.

EINECS number: Not applicable; this product is a mixture.

INCI: Not applicable; this product is a mixture.

ELINCS: Not applicable; this product is a mixture.

3. HAZARD WARNING

3.1 General: Lengthy or repeated contacts with the skin, eyes, and/or inhalation may cause irritations.

3.2 Environmental: Leakage in soil can result in surface and subterranean water contamination.

4. FIRST AID

4.1 Eye contact: Wash eyes with plenty of water for at least 10 minutes. If the symptoms persist, consult a doctor.

4.2 Skin contact: Remove contaminated clothes. Wash the affected area with plenty of water and soap.

4.3 Ingestion: in case of ingestion wash the mouth with plenty of water and consult a doctor.

4.4 Inhalation: in case of excessive Inhalation take the injured, for a breath of fresh air, keep him still and consult a doctor.

5. EXTINGUISHING MEDIA:

5.1 Fire extinguishing measures: In case of fire, use carbon dioxide (CO₂), foam of powder fire extinguishers. DO NOT use jet of water.

5.2 Personal Protection: Avoid breathing the fumes and vapors produced.

6. MEASURES IN CASE OF SPILLAGE:

6.1 Individual precautions: Handle the product using adequate protective gloves resistant to the chemical agents of the material. DO NOT expose the product to a live flame or to any other potential source of ignition. Avoid contact with skin and inhalation of its vapours or fumes. Maintain adequate ventilation in the working area after spilling.

6.2 Disposal methods: All the materials used to absorb the spillage should be destroyed by incineration as soon as possible. Plenty of spontaneous self-ignition accidents have been reported in the past involving clothes damped with perfumes or aromas.

6.3 Environmental precautions: DO NOT drain the product into the sink or into surface or subterranean water or on the ground.

7. STORAGE AND HANDLING:

7.1 Storage: Keep the product in its original container well sealed, in a dry and ventilated area, away from potential sources of ignition and protected from light.

7.2 Handling:

Work in well-ventilated areas.

Avoid breathing concentrated fumes and vapours.

DO NOT eat, drink or smoke in the working area.

Comply with all the necessary hygienic measures (e.g. wash hands at the end of the work and before breaks).

8. EXPOSURE LIMITS AND PERSONAL PROTECTION

8.1 Breathing apparatus: Use personal breathing apparatus whenever deemed necessary.

8.2 Ventilation: The areas where the product is handled and stored should be adequately ventilated.

8.3 Skin protection: Avoid contact with skin and use protective gloves, resistant to the chemical agents of the material, whenever deemed necessary.

8.4 Eye protection: It is recommended to use safety spectacles at all times.

9. PHYSICAL-CHEMICAL PROPERTIES

9.1. Appearance: Off-white Viscous Liquid

9.2. Color: Off-white

9.3. Smell: Weak odor

9.4. Specific Density 25°C / 25°C : 0.984-1.004g/cc

9.5. Refractive index 20°C : 1.4572-1.4772

9.6. Flash point : >61°C

9.7. pH : <8

- 9.8. Freezing point:** Not determined
- 9.9. Melting point:** Not determined
- 9.10. Boiling point:** Not determined
- 9.11. Autoignition:** Not determined
- 9.12. Oxidising properties:** Not expected
- 9.13. Explosive properties:** Not expected
- 9.14. Solubility in water:** Not Essentially insoluble
- 9.15. Solubility in ethanol:** Not Essentially insoluble

10. STABILITY AND REACTIVITY

10.1 Reactivity: It does not undergo any dangerous reactions under normal conditions.

10.2 Decomposition: Carbon monoxide and dioxide as well as a number of undetermined organic compounds can be produced during combustion..

11. TOXICOLOGICAL INFORMATION

This product has not been through any toxicological tests but its components have a well-established toxicological bibliography. This preparation has been in accordance to the recommendations of IFRA (International Fragrances Association) and RIFM (Research Institute Fragrance Manufacturers).

12. ECOLOGICAL INFORMATION

This product has not been submitted to any toxicological tests ; it does not contain halogenated substances or similar products persistent to the environment.

13. DISPOSAL CONSIDERATIONS

The residual quantities of this product have to be treated according to the points 6,7 and 8, mentioned above.

14. TRANSPORT INFORMATION

14.1 Precautions during transport: In case of accidental leak or ignition during transport ,refer to the instructions, points 6.7 and 8 mentioned above.

14.2 IMDG PageType of TransportClassPacking GroupUN-No

Motorway (ADR/RID)

Air (IATA)

Sea (IMDG): NOT REGULATED TO IMDG CODE : 2018015819

15. INFORMATION ABOUT REGULATIONS

R36/ 38 : Nonirritating for the eyes and skin

16. OTHER INFORMATION

The information of this Safety Sheet is based on our knowledge until the date it is issued. This Safety Sheet gives information about the health and safety conditions under which this product is transported, stored, or handled. The receiver of this product has to observe, under his responsibility, the corresponding regulations and standards. This document is not a guaranty for quality.
